Trends in Inkjet Technologies

Table of Contents

| | |
|--|----|
| FOREWORD | 2 |
| I. EXECUTIVE SUMMARY | 13 |
| Introduction | 13 |
| Objectives | 14 |
| Methodology | 15 |
| Inkjet Technology Definition | 15 |
| Thermal Inkjet | 16 |
| Piezo Inkjet | 17 |
| Continuous Inkjet | 18 |
| Inkjet Development Focus | 21 |
| Markets | 25 |
| Display Signage | 26 |
| Graphic Arts | 29 |
| Packaging | 32 |
| Decorative/Textiles | 36 |
| Manufacturing/Deposition | 39 |
| Overall Drivers and Barriers | 41 |
| Inkjet vs Electrophotography and Analog | 42 |
| Imprinting | 43 |
| Media Handling and Substrates | 44 |
| Final Word | 44 |
| II. INTRODUCTION & METHODOLOGY | 45 |
| Background | 45 |
| Scope | 45 |
| Objectives | 46 |
| Methodology | 47 |
| Primary Research | 47 |
| Secondary Research & Analysis | 49 |
| Presentation of Analysis | 50 |
| Glossary of Terms & Acronyms | 50 |
| III. STATUS OF INKJET TECHNOLOGY | 53 |
| State of the Art by Technology | 53 |
| Thermal Inkjet | 54 |
| Piezo Inkjet | 57 |
| Continuous Inkjet | 61 |
| Comparative Economics of Inkjet Technologies | 66 |
| Inkjet Development Focus | 69 |
| Status of Fixed-Array Technology Development | 71 |
| Primary Market Inkjet Head Manufacturers | 72 |
| Secondary Inkjet Head Manufacturers | 72 |
| R&D Expenditures | 75 |

| | | |
|-----|---|-----|
| | Inks Under Development | 77 |
| | Inkjet Technology Implementation Issues | 82 |
| | Sourcing Issues | 83 |
| | Time to Market | 84 |
| IV. | DISPLAY SIGNAGE | 87 |
| | Market Definition..... | 87 |
| | Market Size and Growth..... | 88 |
| | Display Signage Value Chain | 89 |
| | Parallel Print Market Develops..... | 92 |
| | Inkjet in Display Signage..... | 94 |
| | Inkjet Applications..... | 96 |
| | Indoor Applications | 97 |
| | Outdoor Applications..... | 98 |
| | Commentary..... | 99 |
| | Optimal & Most Likely Path of Development to 2011..... | 100 |
| | Implications for PRIMIR Members | 101 |
| | Press & Equipment Manufacturers | 101 |
| | Film, Plate, Ink, Toner, and Supplies Manufacturers | 101 |
| | Paper and Synthetic Substrate Manufacturers | 102 |
| | Printers and Converters..... | 102 |
| V. | GRAPHIC ARTS | 105 |
| | Market Definition..... | 105 |
| | Market Size and Growth..... | 105 |
| | Overall Market..... | 105 |
| | Digital-Only Retail Value..... | 107 |
| | Graphic Arts Digital Value Chain..... | 108 |
| | Analog Print Market Summary Specifications & Costs | 110 |
| | Digital Printing in Graphic Arts Sectors..... | 110 |
| | Imprinting | 111 |
| | Full Digital Printing | 113 |
| | Inkjet vs. Electrophotography and Offset..... | 114 |
| | Inkjet Drivers & Barriers | 115 |
| | Commentary..... | 117 |
| | Impact of Inkjet on Electrophotography and Offset Lithography | 117 |
| | Optimal & Most Likely Path of Development to 2011..... | 120 |
| | Implications for PRIMIR Members | 121 |
| | Press & Equipment Manufacturers | 121 |
| | Film, Plate, Ink, Toner & Supplies Manufacturers..... | 122 |
| | Paper & Synthetic Substrate Manufacturers | 123 |
| | Printers & Converters | 123 |
| VI. | PACKAGING | 125 |
| | Market Definitions | 125 |
| | Market Size & Growth..... | 126 |
| | Imprinting vs. Full Digital Printing | 128 |
| | Packaging Value Chain..... | 129 |
| | The Parts of the Packaging Market..... | 131 |

| | |
|--|-----|
| Analog Print Market Summary Specifications & Costs | 131 |
| Markets | 133 |
| Corrugated..... | 133 |
| Folding Carton | 134 |
| Flexible | 135 |
| Prime Labels | 136 |
| Digital Printing in Packaging Markets..... | 137 |
| Imprinting | 137 |
| Full Digital Printing | 137 |
| Inkjet Drivers & Barriers | 138 |
| Commentary..... | 139 |
| Impact of Inkjet on Electrophotography and Analog Print Technologies | 143 |
| Inkjet Technical Challenges..... | 144 |
| Optimal & Most Likely Path of Development to 2011..... | 145 |
| Implications for PRIMIR Members | 147 |
| Press & Equipment Manufacturers | 147 |
| Film, Plate, Ink, Toner & Supplies Manufacturers..... | 147 |
| Paper & Synthetic Substrate Manufacturers | 148 |
| Printers & Converters | 148 |
| VII. Decorative/Textile Markets..... | 149 |
| Market Definition..... | 149 |
| Market Size & Growth..... | 151 |
| Digital Decorative Printing Value Chain | 152 |
| Print-for-Pay Shops Already Doing Decorative Printing | 154 |
| Digitally Printed Decorative Products | 156 |
| Textiles..... | 157 |
| Soft Signage Leads To Other Applications | 159 |
| Implications for PRIMIR Members | 160 |
| Press & Equipment Manufacturers | 160 |
| Film, Plate, Ink, Toner & Supplies Manufacturers..... | 161 |
| Paper & Synthetic Substrate Manufacturers | 161 |
| Printers & Converters | 161 |
| VIII. Manufacturing/Deposition | 163 |
| Definition | 163 |
| Critical Vector: Mass Manufacturing Techniques | 164 |
| Printed Electronics Value Propositions | 165 |
| “Printing” Techniques..... | 167 |
| Unique Inkjet Characteristics – Why it is the Ideal | 169 |
| The Path of Development | 170 |
| Global Market Projection..... | 172 |
| Commentary..... | 173 |
| Implications for PRIMIR Members | 174 |
| Press & Equipment Manufacturers | 174 |
| Film, Plate, Ink, Toner & Supplies Manufacturers..... | 174 |
| Paper & Synthetic Substrate Manufacturers | 174 |
| Printers & Converters | 175 |

| | |
|---|-----|
| IX. CONCLUSIONS..... | 177 |
| Inkjet Technology | 179 |
| Drivers and Barriers..... | 181 |
| Inkjet Vs. Electrophotography and Offset | 182 |
| Imprinting | 183 |
| Implications for PRIMIR Members | 184 |
| Press & Equipment Manufacturers: It’s Not All About Display Signage | 184 |
| Film, Plate, Ink, & Toner Manufacturers..... | 185 |
| Paper and Synthetic Substrate Manufacturers | 186 |
| Printers and Converters: It Pays to Be a Print Shop | 188 |
| Final Word | 189 |
| X. APPENDIX..... | 191 |
| Vendor Interview Summaries | 192 |
| Inkjet Vendors..... | 192 |
| Analog Hardware Vendors | 195 |
| Inkjet Integrators and Suppliers | 198 |
| User Interview Summaries..... | 202 |
| Display Signage Users | 202 |
| Graphic Arts Users..... | 205 |
| Packaging Users..... | 210 |
| Deposition Companies | 214 |

Trends in Inkjet Technologies

Table of Figures

| | |
|---|----|
| Figure I-1 Thermal Inkjet Process Diagram | 16 |
| Figure I-2 Piezo Inkjet Process Diagram..... | 18 |
| Figure I-3 Continuous Inkjet Process Diagram | 19 |
| Figure I-4 Inkjet Technology Comparison Table | 20 |
| Figure I-5 Example of a Fixed Array Inkjet Head Configuration..... | 21 |
| Figure I-6 Sources of Future Inkjet Systems | 23 |
| Figure I-7 Recent Product Developments in Fixed-Array Inkjet..... | 24 |
| Figure I-8 North American Display Signage-Retail Value of Printed Material | 26 |
| Figure I-9 The Image That Launched the Wide Format Graphics Market, LaserMaster 1994 | 27 |
| Figure I-10 North American Graphic Arts Retail Value of Print by Process | 29 |
| Figure I-11 North American Graphic Arts Retail Value of Print by Segment..... | 29 |
| Figure I-12 Inkjet Technology Capabilities Drive Focus to High-Speed Applications | 31 |
| Figure I-13 North American Packaging Market Retail Value of Print by Process | 35 |
| Figure I-14 Digitally Printed Mural..... | 37 |
| Figure I-15 North American Decorative/Textile Retail Value of Print by Technology | 38 |
| Figure I-16 North American Decorative/Textile Retail Value of Print by Market | 38 |
| Figure I-17 Why Digitally Printed Decorative Products Make Sense | 38 |
| Figure I-18 Inkjet Manufacturing/Deposition Example | 40 |
| Figure I-19 Drivers and Barriers for Inkjet Technology..... | 42 |
| Figure I-20 North American Retail Value of Printed Materials by Market Segment | 43 |
| Figure I-21 North American Retail Value of Printed Materials for Imprinting by Market Segment | 43 |
| Figure II-1 Categories and Sub Categories of Companies Surveyed..... | 48 |
| Figure III-1 Thermal Inkjet Process Diagram..... | 56 |
| Figure III-2 Thermal Inkjet Technology Characteristics | 57 |
| Figure III-3 Piezo Inkjet Process Diagram | 58 |
| Figure III-4 Piezo Inkjet Technology Characteristics..... | 60 |
| Figure III-5 Continuous Inkjet Process Diagram..... | 61 |
| Figure III-6 Differentiation between Continuous Inkjet Types | 63 |
| Figure III-7 Continuous Inkjet Technology Characteristics | 64 |
| Figure III-8 Inkjet Technology Comparison Table..... | 65 |
| Figure III-9 Example of a Fixed-Array Inkjet Head Configuration..... | 70 |
| Figure III-10 Recent Product Developments in Fixed-Array Inkjet..... | 74 |
| Figure III-11 2005 Worldwide Consumer and Non-Consumer Printer Manufacturer Revenue..... | 75 |
| Figure III-12 2005 Inkjet R&D Expenditures | 76 |

| | |
|---|-----|
| Figure III-13 Estimated 2005 Inkjet Head Manufacturer R&D Investment in Industrial Applications | 77 |
| Figure III-14 Inkjet Ink Chemistry Comparison Table..... | 80 |
| Figure III-15 Sources of Future Inkjet Systems..... | 82 |
| Figure III-16 Agfa/Dotrix Product Development Cycle Example..... | 85 |
| Figure IV-1 North American Display Signage Market Print Revenue Development..... | 88 |
| Figure IV-2 Display Signage Value Chain..... | 90 |
| Figure IV-3 Display Signage Market-Print Technology Comparison | 91 |
| Figure IV-4 Display Signage Market-Technology Value and Weakness..... | 92 |
| Figure IV-5 Examples of Display Signage Applications..... | 93 |
| Figure IV-6 I.T. Strategies 2005 Print-for-Pay Survey-Company Types | 95 |
| Figure IV-7 2006 Wide Format Inkjet Display Signage Market-Indoor Applications | 97 |
| Figure IV-8 2006 Wide Format Inkjet Display Signage Market-Outdoor Applications | 99 |
| Figure IV-9 Inkjet Suggested Specifications to 2011 | 100 |
| Figure V-1 North America Graphic Arts Market Retail Value of Print | 106 |
| Figure V-2 North America Graphic Arts Market Retail Value of Print by Technology | 106 |
| Figure V-3 North American Graphic Arts Market Retail Value of Print by Segment..... | 107 |
| Figure V-4 North American Graphic Arts Retail Value of Print-Imprinting vs. Fully Digital..... | 108 |
| Figure V-5 Graphic Arts Value Chain 2006..... | 109 |
| Figure V-6 Sheetfed Offset Core Specifications | 110 |
| Figure V-7 Inkjet Technologies Drive Focus to High-speed Applications 2006-2011 | 115 |
| Figure V-8 Drivers and Barriers to Inkjet Technology in the Graphic Arts Market..... | 116 |
| Figure V-9 Inkjet Suggested Specifications to 2011 | 121 |
| Figure VI-1 Examples of Folding Cartons and Flexible Packaging | 125 |
| Figure VI-2 Label Examples | 126 |
| Figure VI-3 North American Packaging Market Retail Value of Print | 127 |
| Figure VI-4 North America Graphic Arts Market Retail Value of Print by Technology | 127 |
| Figure VI-5 North American Packaging Market Retail Value of Print by Segment | 128 |
| Figure VI-6 North American Graphic Arts Retail Value of Print-Imprinting vs. Fully Digital | 129 |
| Figure VI-7 Packaging Value Chain..... | 130 |
| Figure VI-8 North American Packaging Revenues for 2006-Split by Major Application | 131 |
| Figure VI-9 Analog Print Parameters | 132 |
| Figure VI-10 Drivers and Barriers for Inkjet Technology in Packaging Applications..... | 139 |
| Figure VI-11 Suggested Specifications for Inkjet in Packaging to 2011* | 146 |
| Figure VII-1 Is it wallpaper or is it a sign?..... | 149 |
| Figure VII-2 Digitally Printed Glass | 150 |
| Figure VII-3 North American Decorative/Textile Printing Markets Retail Value of Print | 151 |
| Figure VII-4 North American Decorative/Textile Printing Markets Retail Value of Print by Segment | 152 |

| | |
|---|-----|
| Figure VII-5 North American Decorative/Textile Printing Markets Digital Value Chain | 153 |
| Figure VII-6 2006 Print-for-Pay Survey: Digital Decorative Printing as Top Applications | 154 |
| Figure VII-7 Types of Companies Doing Digital Decorative Printing..... | 155 |
| Figure VII-8 Why Digitally Printed Decorative Products Make Sense..... | 155 |
| Figure VII-9 Example of Decoadvertising | 156 |
| Figure VIII-1 Inkjet Manufacturing/Deposition Example..... | 163 |
| Figure VIII-2 Value of Exploratory Investment in Printed/Plastic Electronics | 172 |
| Figure IX-1 Retail Expenditures for Inkjet Print by Technology | 179 |
| Figure IX-2 Drivers and Barriers for Inkjet Technology 2006..... | 181 |
| Figure IX-3 North American Print Revenues by Market Segment..... | 182 |
| Figure IX-4 North American Imprinting by Market Segment..... | 183 |
| Figure IX-5 North American Imprinting by Digital Print Technology | 184 |
| Figure IX-6 North American OEM Inkjet Revenue, 2006 vs. 2011 by Market | 185 |
| Figure IX-7 2006 North American Retail Value of Inkjet Print vs. OEM Revenue by Market | 188 |
