Global Trends in Printing and Writing Papers

TABLE OF CONTENTS

EXECUTIVE SUMMARY	I
The Key Findings	ii
Economic Issues	iii
E-technology	vii
Environmental	viii
Regional Differences and Grades	ix
Assessment of Regional Differences	x
End-Use Implications	xi
Future Projections	xv
Scenario: Six Turbulent Months - and New Growth in 2010	xvi
Insights for PRIMIR Members	xix
I INTRODUCTION, OBJECTIVES & METHODOLOGY BACKGROUND	1
Objectives	2
Scope	3
Research Methodology	3
Phase One - Research	5
Phase Two – Analysis and Implications	10
II ISSUES AND TRENDS FOR PRINTING AND WRITING PAPERS	11
Key Takeaways	11
Introduction	14
Suppliers Insight	15
Future of Paper Products in a Rapidly Changing World	15
General Economic Downturn Second Half of 2008	19
Availability and Quality of Fiber	23
Developments in Fiber and Filler Composition	24
Environmental Issues	28
Trends in Basis Weights	30
Grade Substitution	32
Distribution and Postal Issues	34
Other Product Development Issues - Whiteness and Brightness	36
Emerging Print Technologies and Selection of Print Method	37
Emergence of Alternate Media Choices	39
End User/Customer Needs	40
End User Insight	42

Introduction	42
Importance of Paper Characteristics	42
Importance of Supplier Selection Criteria	47
Printers	49
Publishers	50
Corporate Print and Paper Buyers	51
Ad Agencies and Direct Mail	52

III REGIONAL DIFFERENCES AND GRADES 53

Key Takeaways	53
Introduction	53
Regional Differences	54
Different Grades for Different Markets?	54
Cost and Mill Choice Greater Drivers than Customer Demand	56
Regional Differences are Diminishing	57
Key Paper Characteristics for North America vs. Europe	58
Lightweight Coated and Supercalendered	62
Comparison of Optical Properties	67
Comparison of Physical Properties - LWC and SC	68
Coated Woodfree	71
Comparison of Optical Properties	75
Comparison of Physical Properties	77
Uncoated Offset	80
Comparison of Optical Properties	84
Comparison of Physical Properties	85
Copy Paper	89

IV GLOBAL PRINTING AND WRITING DYNAMICS 93

Key Takeaways	93
Introduction	95
Global Overview	97
North America	99
Overview	100
North American Paper Markets	101
North American Print Market	105
Grade Mix	110
Coated Woodfree	112
Coated Mechanical	114
Uncoated Mechanical	116
Uncoated Woodfree	118

Europe	119
Other regions	122
End Use Trends	124
Publishing Trends	125
Office Paper Market	130
Catalog Trends	134
Catalogs - North American Market	136
Direct Mail Market	137
Magazine Market	148

V IMPLICATIONS AND FUTURE TRENDS 161

Key Takeaways	161
Implications	162
Introduction	162
Analysis	163
Future Trends and Forecasts	177
Introduction	177
The Scenarios	178
Scenario 1: Six Turbulent Months - and New Growth in 2010	178
Scenario 2: Six Turbulent Months - Followed by Stagnation in the West	180
Scenario 3: Several Turbulent Years - Followed by New Growth in 2012	181
Scenario 4: Several Turbulent Years - Followed by Global Stagnation	183
The Forecasts	184

VI CONCLUSIONS AND INSIGHTS FOR PRIMIR MEMBERS 195

Conclusions	195
Economic Issues	195
E-technology	198
Environmental	199
Insights for PRIMIR Members	200
Film, Plate and Supplies Manufacturers	200
Ink, Toner, Coatings and Chemical Manufacturers	202
Paper and Synthetic Substrate Manufacturers and Distributors	204
Traditional Press Manufacturers	205
Postpress Equipment Manufacturers	207
Digital Press/Output Device Manufacturers	208
Prepress Equipment and Software Manufacturers	208
Print Firms and Trade Shops/ Print Buyers and Brokers	209
Other Software and Equipment Manufacturers	210

A1. Glossary of Terms	213
A2. Conversion Factors	221
Grammage and Basis Weights	221
Tonne vs Ton	221
A3. Paper Grades	222
Coated Papers and Supercalendered	222
Uncoated Papers	222
A4. Optical Tests Undertaken	223

LIST OF EXHIBITS

Exhibit I-1	Research Methodology	4
Exhibit I-2	Survey Respondents by Type	7
Exhibit I-3	Survey Respondents by Region	8
Exhibit II-1	Hardwood and Softwood Pulp Prices, 2000 – 2009	20
Exhibit II-2	World Market Pulp Statistics	21
Exhibit II-3	Prices of Native Starch, Western Europe, Q1 2009 vs. Q1 2008	22
Exhibit II-4	Importance of Key Paper Characteristics	43
Exhibit II-5	Paper Characteristics Trade-offs	46
Exhibit II-6	Supplier Selection Criteria	48
Exhibit III-1	Physical Testing Program	60
Exhibit III-2	Reasons for Preference (percent of time preferred)	62
Exhibit III-3	LWC and SC Optical Testing Results	63
Exhibit III-4	LWC and SC Physical Testing Results	64
Exhibit III-5	Visual Assessments, LWC and SC, Percent of the Time Preferred	64
Exhibit III-6	LWC and SC Reasons for Preference	65
Exhibit III-7	LWC and SC Reasons for Preference, Technical vs Non-technical View	66
Exhibit III-8	Comparison of Optical Properties – LWC and SC	67
Exhibit III-9	Parker Printsurf – LWC-SC	69
Exhibit III-10	Static Coefficient of Friction – LWC-SC	70
Exhibit III-11	Dynamic Coefficient of Friction – LWC-SC	70
Exhibit III-12	Comparison of Surface Properties – LWC-SC	71
Exhibit III-13	CWF Optical Testing Results	72
Exhibit III-14	CWF Physical Testing Results	72
Exhibit III-15	Visual Assessments, CWF, Percent of the Time Preferred	73
Exhibit III-16	CWF Reasons for Preference (Percent of the Time Reason was Given)	74
Exhibit III-17	CWF, Excluding Sample D, Reasons for Preference	75

Exhibit III-18	Comparison of Optical Properties – CWF	76
Exhibit III-19	Parker Printsurf – CWF	78
Exhibit III-20	Static Coefficient of Friction – CWF	78
Exhibit III-21	Dynamic Coefficient of Friction – CWF	79
Exhibit III-22	Comparison of Surface Properties – CWF	80
Exhibit III-23	Uncoated Offset Optical Testing Results	81
Exhibit III-24	Uncoated Offset Physical Testing Results	81
Exhibit III-25	Visual Assessments, Uncoated Offset, Percent of the Time Preferred	82
Exhibit III-26	Sample Evaluations 60# Opaque and Offset Imports	83
Exhibit III-27	Offset and Opaque Reasons for Preference	84
Exhibit III-28	Comparison of Optical Properties: Uncoated Offset	85
Exhibit III-29	Bendtsen Roughness – Uncoated Offset	86
Exhibit III-30	Static Coefficient of Friction – Uncoated Offset	87
Exhibit III-31	Dynamic Coefficient of Friction – Uncoated Offset	88
Exhibit III-32	Comparison of Surface Properties – Uncoated Offset	88
Exhibit III-33	Visual Assessments, Copy Paper, Percent of the Time Preferred	90
Exhibit III-34	Visual Assessments 80 gsm Imported Copy	90
Exhibit III-35	80 gsm Imported Copy Reasons for Preference	91
Exhibit III-36	Visual Assessments 20# North American Copy	91
Exhibit III-37	20# North American Copy Reasons for Preference	92
Exhibit IV-1	The Printing and Writing Market for North America, 2007, in M tons. Total Market 30M tons	98
Exhibit IV-2	The Printing and Writing Market for Europe, 2007 in M tons. Total Market 33 M tons	98
Exhibit IV-3	The Printing and Writing Market for Asia and the Rest of the World, 2007, in M tons. Total Market 49 M tons	99
Exhibit IV-4	North American Printing and Writing Papers (000 tons)	100
Exhibit IV-5	Total North American Printing and Writing Consumption, 2006 – 2008 (tons)	101

Exhibit IV-6	Real North American Demand in Printing and Writing Consumption, October 2008 – February 2009	102
Exhibit IV-7	Printer Inventory Levels 2007 – 2009 (tons)	103
Exhibit IV-8	North American Inventory Change, 2008 – 2009	103
Exhibit IV-9	IDEAlliance Share of the North American Market 2008	104
Exhibit IV-10	North American Printing and Writing Apparent Consumption, Inventory Change and Real Demand	104
Exhibit IV-11	U.S. Commercial Print Sales 2003 – 2008 (\$ billion)	105
Exhibit IV-12	U.S. GDP, Employment and Print, 1986 – 2008	106
Exhibit IV-13	Growth: Paper and Print, CAGR	107
Exhibit IV-14	Print Collapses Relative to Employment in Current Recession	108
Exhibit IV-15	U.S. Recession 2000 – 2001	109
Exhibit IV-16	Print Has Not Kept Pace with Employment Since 1992	110
Exhibit IV-17	North American Printing and Writing Share by Grade, 2000 – 2008	111
Exhibit IV-18	Grade Mix Change, 2000 – 2007, (000 tons)	111
Exhibit IV-19	North American Volume Change by Grade, 2000 – 2007, tons	112
Exhibit IV-20	North American CWF Demand, 2006 – 2008	112
Exhibit IV-21	North American CWF, Real Demand, Percent change vs. Prior Year	113
Exhibit IV-22	North American CWF Apparent Consumption, Real Demand, and Inventory Change, 2007 – 2009	113
Exhibit IV-23	North American CM Demand, 2006 – 2008, tons	114
Exhibit IV-24	North American CM Apparent Consumption, Real Demand, and Inventory Change, 2007 – 2009	115
Exhibit IV-25	North American CM, Real Demand, Percent change vs Prior Year	116
Exhibit IV-26	North American UM Demand, 2006 – 2008, tons	116

Exhibit IV-27	North American UM, Apparent Consumption, Real Demand, and Inventory Change 2007-2009	117
Exhibit IV-28	North American UM Real Demand, Percent Change vs. Prior Year	117
Exhibit IV-29	North American UWF Demand, 2006-2008, tons	118
Exhibit IV-30	North American UWF, Apparent Consumption, Real Demand, and Inventory Change 2007-2009	118
Exhibit IV-31	North American UWF, Real Demand, Percent Change vs Prior Year	119
Exhibit IV-32	European Printing and Writing Paper Demand has Declined with Weaker Economic Growth	119
Exhibit IV-33	European Printing and Writing Paper Demand has Fallen Significantly in Early 2009 vs. 2008	120
Exhibit IV-34	European CWF and UWF Statistics	120
Exhibit IV-35	European Mechanical Paper Statistics (x000 tonnes)	121
Exhibit IV-36	Capacity Reduction in Europe by Grade, 2007 – 2009 (000t)	122
Exhibit IV-37	GDP for Selected Countries, 2008 and 2009	123
Exhibit IV-38	Paper Demand by End User in North America and Europe, 2007	124
Exhibit IV-39	U.S. Book Demand 2002 – 2008	128
Exhibit IV-40	Advertising Expenditure on Direct Mail in Germany, 1999 – 2009	141
Exhibit IV-41	US Postal Service Mail Volume by Type	147
Exhibit IV-42	Direct Mail Expenditure in the U.S., 2006 – 2009	147
Exhibit IV-43	Real Magazine Advertising Expenditure in Key European Countries, 2007 – 2009	152
Exhibit IV-44	U.S. Magazine Circulation, 1990 – 2008	157
Exhibit IV-45	Growth in U.S. magazine Advertising Pages 2000 – 2009	157

inhibit V-1	Gross Domestic Product of Selected Countries, 2008 – 2012	185
Exhibit V-2	Printing and Writing Paper Demand by Region, 2008 – 2012	186
Exhibit V-3	Printing and Writing Paper Demand by Region, 2008 - 2012	186
Exhibit V-4	Printing and Writing Paper Demand by Region, 2009	187
Exhibit V-5	Printing and Writing Paper Demand by Region, 2009	187
Exhibit V-6	Annual Global Demand for Printing and Writing Paper, 2008 – 2012	188
Exhibit V-7	Annual Global Demand for Printing and Writing Paper 2008 – 2012	188
Exhibit V-8	Annual Demand for Printing and Writing Paper in North America 2008 – 2012	189
Exhibit V-9	Annual Demand for Printing and Writing Paper in North America, 2008 – 2012	189
Exhibit V-10	Global Demand for Printing and Writing Paper by Grade, 2008 – 2012	190
Exhibit V-11	Global Demand for Printing and Writing Paper by Grade 2008 – 2012	190
Exhibit V-12	Demand for Printing and Writing Paper by Grade for North America, 2008 – 2012	191
Exhibit V-13	Demand for Printing and Writing Paper by Grade for North America, 2008 – 2012	191
Exhibit V-14	Expected Capacity Changes by Region, 2008 – 2012	191
Exhibit V-15	Expected Capacity Changes by Region, 2008 – 2012	192
Exhibit V-16	Changing Market Share of Print Processes, by Market Value, in North America, 2007 – 2012	193
Exhibit V-17	Market Share of Printed Products, by value, in North America, 2007 – 2012	194
