# Trends in Books: 2007 – 2012

## Table of Contents

<b>Executive Summary</b>	i
<b>Chapter I – Introduction</b>	1
Background	2
What is a Book?	4
What is Not a Book?	6
Evolving Book Types	6
Paperless Books	7
Product Parameters Defined	8
Objective and Scope	8
Study Methodology	9
Primary Research	9
Secondary Research	12
Other Primarily Statistical Data	14
Other Useful Data	15
Events Attended	15
Forecasting Methodology	15
2009 Data Revision	17
Data Caveat	18
Dollars vs. Units-Data Source Differences	19
Structure of the Report	20
<b>Chapter II – 2007/2008 Megatrends, Status and Outlook for Overall Book Industry</b>	23
Book Industry Size – 2001 to 2007	23
General Economy - Book Volume Indicators	26
Gross Domestic Product (GDP)	27
How to Interpret the Real GDP Forecast Data	28
Population Indicators and General Factors	29
Propensity to Read	30
Publisher Perspective	32
Major Publisher Restructuring	33
Mature Market Indicators	36
Growth and the Impact of e-Books	38
Five Year Outlook	40
Book Manufacturers' Perspective	52
A Sub-Contractor's Universe	52
Printers Outlook	53
Short Term Perspective	56
Longer Term Perspective	58
Typical Book Run Lengths	59
Offset Produced Books	59
Digitalography Produced Books	60

Versioning	61
Life Cycle Production	62
Impact of Reduction in Returns	62
Outsourcing Status and Trends	63
Book Production Sites	66
Distribution – Wholesalers and Book Stores	68
Traditional Workflow	68
The Wholesalers	69
Major Book Wholesalers	70
Other Book Wholesaling Companies	71
Streamlining Distribution	72
Selecting a Printer	74
Book Stores	75
Book Store Sales Trends	81
Book Store Outlook	82
Book Store Conclusion	84
Technology Perspectives	84
Process Selection	85
Printing in the Book Store	92
Electronic Books	95
Environmental Issues	100
The Lead Issue	100
Paper Concerns	102
De-Inkability	103
Printers Bear Green Brunt	104
Results Required	105
Consumable Supplies	105
Review of Paper Grade Usage	106
Adult and Juvenile Trade Books	106
Mass Market Paperbacks	106
Professional Books	106
Textbooks	107
Paper Prices and Supply	107
Ink and Toner Analysis	107
<b>Chapter III – Analysis of Individual Market Segments</b>	<b>109</b>
Trade Books	110
Trade Book Marketing	111
The Book Marketing Mix	112
Marketing on the Screen	114
Introspective Marketing	114
Key Findings – Trade Book Overview	116
Problem Areas	116
Potential Opportunities	118
Adult Trade Books	118
Juvenile Trade Books	120
Mass Market Paperbacks	122
Trade Book Outlook	124
Religious Books	125

Emerging Markets	127
Professional Books	128
Market Segments	128
Key Findings – Professional Book Overview	131
Problem Areas	132
Potential Opportunities	132
Professional Book Outlook	133
Educational Books – College, ElHi, University Press	134
College Books	135
A State of Near Rebellion	135
ElHi Books	141
Key Findings – ElHi Book Overview	144
Problems	144
Potential Opportunities	145
ElHi Book Outlook	145
University Press	145
University Press Outlook	147
Educational Book Outlook	147
The Personal Publishing Revolution	148
Preceding the Revolution	149
The Cost Barrier	149
The Perfect Storm	150
All is Not Vanity	151
POD Makes the Difference	151
Personal Becomes Commercial	153
The Ultimate in Personal Publishing – the Photo Book	154
Why Print at All?	155
Printed Karaoke	156
The Way of the Future: Publishing Personal Books Without Even Knowing It	157
Coming Full Circle	158
<b>Chapter IV – Canadian Book Industry and Trends</b>	161
Cultural Issues: Reading in Canada	162
Canadian Publishing Infrastructure	162
Publishers	163
Retail	167
Distributors	169
Printers	169
The Education Market	172
Outlook for the Canadian Book Industry	173
Canada – A Delayed Mirror Image of the U.S.	174
<b>Chapter V – North American Book Industry Outlook &amp; Forecast</b>	175
Gross Domestic Product (GDP) Forecasts	176
Book Unit Sales Forecasts	178

<b>Chapter VI – Conclusions, Implications and Recommendations</b>	183
Books – A Changing Evolving Industry	183
Prologue to Change	184
Chain Reaction of Change	
The Hierarchy of Book Industry Change	185
Two Wild Cards and a Joker	188
Conclusions	190
Implications for the Book Manufacturing Supply Chain	191
Recommendations	192
Printed Book Competition	193
Conclusion	193
Implications	193
Recommendation	193
Publisher – Bookseller Business Model Change	194
Conclusion and Implication	194
Recommendations for Book Manufacturers/Supply Chain	195
Personal Publishing Opportunity	197
Implications for Printers	197
Implications for Suppliers	197
Other Suggestions	198
An Overview of the Study Conclusions	198
General Conclusions	198
General Implications	199
General Recommendations	202
Conclusions and Recommendations Summary	206
 The Book Study Research Team	 207
 Appendices	 209

# Exhibits

Exhibit I-1: North American Book Study Complete Interviews	11
Exhibit II-1: U.S. Book Publishing Industry Unit Sales: 1990 – 2007	25
Exhibit II-2: Real GDP - Base Years of 2007 and 2008	27
Exhibit II-3: PrintCom Real GDP Forecasts – 2009-2012	28
Exhibit II-4: U.S. Population – 2007-2012	30
Exhibit II-5: Trends in General Factors Affecting Book Unit Sales	30
Exhibit II-6: Overview of Major Publishers Changes – 2002-2008	35
Exhibit II-7: Standard Book Development Workflow	47
Exhibit II-8: US Book Publishing: Proforma Analysis	48
Exhibit II-9: The Top 12 North American Book Manufacturers	55
Exhibit II-10: The Top 12 Digital Book Manufacturers	56
Exhibit II-11: U.S. Offset Book Run Lengths, 2004/2005 and 2006/2007	60
Exhibit II-12: Summary of Equipment Used by U.S. Book Printers	67
Exhibit II-13: U.S. Book Store Sales by 2008 Percentage of Total Sales	76
Exhibit II-14: U.S. Monthly Book Store Sales, 2002-2008	80
Exhibit II-15: Emerging Book Manufacturing Structure-2008/2009	92
Exhibit II-16: Forecast of U.S. Paper Consumption by Type of Book	105
Exhibit II-17: Forecast of N.A. Offset Lithography Ink Consumption	108
Exhibit II-18: Forecast of North American Digital Toner Consumption	108
Exhibit III-1: N.A. Major Market Segments in 2008	109
Exhibit III-2: Trade Book Segments	110
Exhibit III-3: U.S. Trade Book Print Unit Volume	111
Exhibit III-4: Book Industry Print Unit Volume Publisher Net Sales	125
Exhibit III-5: U.S. Religious Print Book Unit Volume	126
Exhibit III-6: Religious Books Unit Volume Publisher Net Print Sales Forecast	128
Exhibit III-7: Professional Book Segments	129
Exhibit III-8: U.S. Professional Book Print Unit Volume	130
Exhibit III-9: Professional Books – Unit Volume Publisher Net Sales	134
Exhibit III-10: Educational Book Segments	134
Exhibit III-11: U.S. Educational Book Print Unit Volume	135

Exhibit III-12: Educational Book Industry Print Unit Volume	148
Exhibit IV-1: Profile of Book Publishing in Canada, 2004	165
Exhibit IV-2: Total New Titles Published in Canada, 1998-2004	166
Exhibit IV-3: Distribution of Domestic Book Sales in Canada, 2006	168
Exhibit IV-4: Major Book Printers in Canada	170
Exhibit V-1: Real U.S. GDP Forecast – 2008-2012	177
Exhibit V-2: U.S. Book Industry Print Unit Volume Publisher Net Sales	179
Exhibit V-3: All U.S. Book Most Probable Low High Spread	180
Exhibit V-4: U.S. Book Industry Unit Volume Forecast – 2008-2012	181
Exhibit V-5: Forecast Summary – U.S. Book Industry Print Unit Volume	182

### Appendices

Exhibit A-1: Summary of Equipment Used by Book Printers	230
Exhibit A-2: Equipment Used by Book Printers	231
Exhibit A-3: Equipment Used by Book Printers Cont'd	232
Exhibit A-4: Equipment Used by Book Printers with Digital Production Color Press Equipment	233
Exhibit A-5: U.S. Printing Process Market Share	291
