

Trends in Sheetfed Lithography (2006-2011)

A Study of North America Sheetfed Offset Market and Technology Trends for Services, Equipment, Consumables and Supplies 2006-2011

Trends in Sheetfed Lithography 2006-2011

I. EXECUTIVE SUMMARY	7
A. INTRODUCTION & METHODOLOGY	7
B. BACKGROUND.....	8
C. MAJOR FINDINGS	10
1. Strong Purchase Intent	10
a. Conclusions & Implications	11
2. Mainstream Configuration Preferences	12
a. Conclusions & Implications	14
3. Aging of Installed Base & Aftermarket Issues	16
a. Conclusions & Implications	17
4. Pursuit of Productivity & Efficiency.....	18
a. Conclusions & Implications	20
5. Resource Usage & Demand	20
a. Conclusions & Implications	22
6. Impact of Sustainability.....	22
a. Conclusions & Implications	24
II. INTRODUCTION & METHODOLOGY	25
A. CURRENT CONDITIONS & ASSUMPTIONS	25
B. GOALS & SCOPE OF THE STUDY	26
C. OBJECTIVES OF THE STUDY	27
D. PRIMARY & SECONDARY RESEARCH COMPONENTS.....	28
1. Qualitative Interviews: Printing Managers	28
2. Qualitative Interviews: Key Vendor Representatives	29
3. Delphi Panels	29
4. Follow-Up Interviews	30
5. Quantitative Web-Based Survey of End Users	30
6. Secondary Research	31
7. Task Force Members	31

III. KEY RESEARCH FINDINGS (results and analysis)	32
A. FORMAT, CONFIGURATION & MARKET DEMAND TRENDS.....	32
1. Installed Base of Presses by Format & Configuration	32
2. Profiles of Newest & Oldest Presses	35
a. Format & Configuration	35
b. Primary End Product	35
c. Year Installed	36
3. Automation Currently in Use.....	37
4. Factors Affecting Size & Configuration Preferences	38
5. Anticipated Changes in Format & Configuration by 2011	38
B. DRIVERS OF NEW SHEETFED PURCHASES	39
1. Individuals Having Purchasing Influence	40
2. Size & Configuration Preferences.....	41
3. Consideration of Used Equipment.....	42
4. Factors Influencing Purchase Decision.....	43
5. Factors Influencing Brand Choice	45
C. AVERAGE RUN LENGTH AND MONTHLY IMPRESSIONS.....	46
D. EFFECT OF AUTOMATION ON MAKEREADY AND PRODUCTION TIME AND EXPECTED ADOPTION AND IMPACT OF JDF.....	48
1. Automation Use Expected.....	48
2. Effects of Automation on Makeready & Production Time.....	48
3. Expected Adoption & Impact of JDF.....	49
E. DEMAND FOR INLINE TECHNOLOGIES (INCLUDING CLOSED LOOP COLOR CONTROL and TRENDS FOR CUT-SHEET VERSUS ROLL TO SHEET):.....	51
1. Demand for Inline Technologies.....	51
2. Trends in Cut-Sheet Versus Roll-to-Sheet Feeders	52
3. Closed-Loop Color Control (Print Buyers' Perspectives).....	52

F. SHIFT FROM SHEETFED TO DIGITAL.....	54
G. TRENDS IN THE USE & DEMAND FOR SUBSTRATES, INK, COATINGS & SUPPLIES, END PRODUCT TRENDS AND IMPORTANCE OF CHEMICALLY COMPATIBLE CONSUMABLES THROUGH 2011.....	55
1. Film, Plates & Other Supplies.....	55
2. Substrates	56
a. Coated/Uncoated Papers	56
b. FSC/SFI Certified Papers	56
c. Special Substrates	56
3. Coatings & Inks.....	58
4. Importance of Chemically Compatible Consumables & Closed Loop Color Control.....	61
H. The Impact of Climate Change, Environmental, Health & Safety, Sustainability & Corporate Social Responsibility on Sheetfed Supply Chains.....	62

**IV. CONCLUSIONS, IMPLICATIONS & RECOMMENDATIONS for
PRIMIR MEMBERS & STAKEHOLDERS 66**

A. CONCLUSIONS	66
B. IMPLICATIONS & RECOMMENDATIONS	79
1. Printers	79
a. Implications	79
b. Recommendations	79
2. Traditional Press Manufacturers	80
a. Implications	80
b. Recommendations	80
3. Prepress Manufacturers	80
a. Implications	81
b. Recommendations	81

4. Postpress Manufacturers	82
a. Implications	82
b. Recommendations	82
5. Inks, Coatings, Consumables	83
a. Implications	83
b. Recommendations	83
6. Suppliers of Paper & Substrates	84
a. Implications	84
b. Recommendations	84
7. Manufacturers of Film, Plates, Blankets & Other Supplies	85
a. Implications	85
b. Recommendations	85
8. Digital Press Manufacturers	86
a. Implications	86
b. Recommendations	86
9. Other Stakeholders	87
a. Implications	87
b. Recommendations	88
V. APPENDICES	89
A. DETAILED DELPHI POLL DATA (WAVE 1 & 2)	89
1. Delphi Poll Survey Instruments.....	89
B. DETAILED QUANTITATIVE SURVEY DATA	127
1. Quantitative Survey Instrument	127
C. INTERVIEW DISCUSSION GUIDES	168
D. GLOSSARY	172

Table of Figures

#	Description	Pg.
1-1	North American purchase intent for multi-color sheetfed offset press by 2011	10
1-2	North American installed based of mutli-color sheetfed presses (2004 – 2007)	11
1-3	Press size consideration (2007 – 2011)	13
1-4	Age of newest & oldest press Installed	16
1-5	Automation usage (2007 – 2011)	19
1-6	Expected change in demand for supplies	21
1-7	North American installed base trends - 14" x 20" & smaller (2007 – 2011)	33
1-8	North American installed base trends – 20.5" x 39" (2007 – 2011)	34
1-9	North American installed base trends - 40" & larger (2007 – 2011)	35
1-10	Primary end product produced on newest & oldest press	36
1-11	Year of Purchase for newest & oldest press	37
1-12	Current automation usage (2007)	37
1-13	North American press size consideration	41
1-14	Consideration of used equipment for next sheetfed purchase	42
1-15	Consideration of used equipment by press size	43
1-16	Factors influencing next sheetfed purchase	44
1-17	Factors influencing brand decisions factors	45
1-18	Primary applications by press size	47
1-19	Areas of Automation Current and Anticipated Usage by 2011	48
1-20	Essential equipment / processes to ensure color consistency and control	53
1-21	Factors influencing shift from sheetfed to digital	54
1-22	Substrate usage trends (coated/uncoated, FSC & SFI certified papers)	57
1-23	Packaging & substrate usage trends (plastics, specialty, & board)	58
1-24	Inks and coatings usage over the next four years	59
1-25	Most important "Chemically Compatible Consumables"	61
1-26	Drivers influencing next sheetfed purchase	63
1-27	Factors driving change toward corporate social responsibility	64
